Dear Una,

I would like to congratulate you and everyone in Setanta on the wonderful performance of The Peacemakers last week. It was a very uplifting and joyous evening and it was obvious that you all had put in an enormous amount of work in preparing for the concert.

It was indeed lovely to see so many local musicians involved in the orchestra and of course in the childrens' choir. I would also like to congratulate the soloists who sang and played during the performance and all who helped to make the occasion such an enjoyable one.

I wish you every success with your future ventures.

Enclosed please find payment for the advertisement in the programme.

Kind regards,

  
Senator Mary Moran
